Dear Neighbours,

We are from SAMRA, your local residents association, and we are opposed to the Dublin Port Company's (DPC) plan to build Ireland's largest container terminal on the unique Poolbeg Peninsula.

Why you ask?

This terminal will add **visual, noise, light** and **diesel exhaust** pollution from trucks moving up to 1000 containers a day 24/7 - every day!

- It will disturb your sleep and health.
- It will be huge – at almost 15 acres it will be about the size of Sean Moore Park on Beach Rd
- It will overshadow (and be larger than) the Nature Reserve itself.
- It will be as tall as a 4-storey building and will stretch across the front of our UNESCO Bay in Sandymount.
- We ask you join this campaign at our website -- SAMRA.ie.
- Please sign the petition. It's urgent!

Not only that but, did you know?

- The Dublin Port Company has other land within its existing footprint that it could use to store containers.
- It's counter to the Government's climate action plans.

This land could and should be used for housing, employment, social and sports amenities!

We are holding a **PUBLIC MEETING 13 November 2023 at 7:30pm in the Sandymount Hotel.**

Save the Bay - Say NO to containers on the peninsula.

Thank you,

David Turner, Chairperson
Sandymount and Merrion Residents Association (SAMRA)

Dear Minister / Deputy / TD / Councillor

I am strongly opposed to the Dublin Port Company's plan to build Ireland's largest container terminal on the Poolbeg peninsula. It will be a blight on our capital city and bay. The land should be used for the benefit of the community. As my Elected Representative I am asking you to use your best efforts to stop this development. This is one of the highest priority local campaigning issues for our community.

Yours sincerely,
